Battle Mancy To 26-26 Tie

Vikings Share Title

In what was expected to be a battle, turned out as just that on the local gridiron last Friday, when the Grayling Vikings and the Mancelona Ironmen fought to a 26-26 tie.

Both teams entered the game undefeated in league play at 6-0 and a 7-0 season record, and with the tie the two teams will share the NLML title. The Vikings won the title outright last year with a 6-1 record with Mancelona second with 5-2.

The game was played before the largest crowd to ever attend a high school football contest here, with 2,500 ringing the gridiron. According to school officials a total of \$1,457 in gate receipts was taken in.

Coach Mike Weiland's green and white gridders tallied the first TD as they marched 55 yards on a sustained drive the first time they got the ball, with Murray Babbitt scoring from 4 yards out. Tim Mead, Viking quarterback, ran the 2 point conversion.

The Ironmen showed their muscles, 41 seconds later, as Ben Depeel rammed 60 yards, leaving a string of tacklers behind him to make the score 8-6 at the end of the first period.

Each team scored twice in the second quarter, with the Vikings' first TD scored on a 30 yard pass play from Mead to Jim Tobin, with the Ironmen bouncing right back on a 25 yard scoring pass play from Mike Brown to Nick Edson, to trail 14-12.

Mancy then went ahead as Depeel scored on a 3-yard run to make it 18-14 with 2:27 left in the first half. The Vikings battled back, and with only 3 seconds to go Mead hit Tobin for a 30-yard TD strike to put 22-18 Vikings up, at halftime.

Early in the third period a string of penalties put the Vikings back in their own end zone in a punting situation. A bad kick gave the Ironmen the ball on the Vikings 20 yard line.

The Ironmen scored following the break as Bill Gildas went in from 2 yards out. Depeel ran the 2-point conversion, and Mancy led 26-20 at the third quarter mark.

In the 4th quarter, Mead guided the Vikings on a sustained drive, with Jerry King taking a Mead pass for the final 9 yards into the endzone. King was stopped inches from the goal line in a try for the PAT, leaving the score 26-26.

During the rest of the game it was all defense as both teams showed their power fighting off any scoring threats.

Mancy was stopped in the last minutes of the game on two desperation passes, the first, Tobin knocked the ball away from the receiver, and then with seconds to go he intercepted a Brown pass in the endzone as the game ended.

"It has to be the best high school football game I have ever seen," Coach Weiland said, "neither team wanted to lose, and both went right down to the end trying to break the 26-26 tie, it was just a great team effort by everyone," he added.

Mead passed for 183 yards, hitting 13 of 20, and many were on key 3rd and 4th down plays to Tobin. Babbitt again was the leading ground gainer with 87 yards.

Depeel, Mancelona's hard running back, led all rushers with 151 yards, 114 coming in the first half. The Vikings defense held him to 37 in the last two periods.

Doug Legg and Terry Fitzpatrick led a great Viking defense effort with 6 and 7 solo tackles respectively.

Statistically, Grayling had 17 first downs to Mancelona's 8, the Vikings had 162 yards rushing and 193 passing for a total of 355, while the Ironmen had 202 on the ground and 109 through the air for 311 yards. Grayling had two passes intercepted to one for the Ironmen. The Vikings were penalized for a total of 35 yards while Mancelona was assessed 70 yards for infractions. Grayling punted four times for a 28 yard average and Mancy had a 42 yard average on two punts.

The game was played before the largest crowd to ever attend a high school football contest here, with 2,500 ringing the gridiron. According to school officials a total of \$1,457 in gate receipts was taken in.

Coach Mike Weiland's green and white gridders tallied the first TD as they marched 55 yards on a sustained drive the first time they got the ball, with Murray Babbitt scoring from 4 yards out. Tim Mead, Viking quarterback, ran the 2 point conversion.

THE BATTLE OVER — Following the game the two teams converged on the field to congratulate each other. The Vikings and Ironmen fought to a 26-26 tie and will share the NLML title with identical records of 7-0-1. (Photo by Kipp)

Silver Tea By Hospital Aux. Friday, Nov. 13

On Friday, the thirteenth of November, at 1:30, members of the Mercy Hospital Auxiliary will be waiting in the main dining room of the Chief Shoppenagon Motor Hotel.

New Teachers In Grayling

New fifth grade teacher in Grayling Elementary School is Mrs. Glennis Austin, wife of Junior high science teacher Larry Austin.

Mrs. Austin is a 1967 graduate of Kalamazoo College and has taught for the past two years in Alanson, Mich. before coming to Grayling.

Her course work at Kalamazoo was chiefly in Art, English and Education. She has also done additional course work at Northern Michigan University and Central Michigan University.

TO PRESENT COMIC-FABLE

A comic-fable "The Madwoman of Chailott" has been selected for the fall play. It will be presented Friday and Saturday, Nov. 20 and 21, at 8:00 in the school gym. Under the direction of Miss Sherin Hawks and student director Evie Tinker, it promises to be a great success.

Vikings In Cage Tryouts

Tryouts began this Monday evening for Viking basketball hopefuls, under the direction of head coach Tom St. Germain and JV mentor Frank Smith.

The first week will consist of conditioning and fundamentals, and on Friday, the two coaches will select their squads to represent the green and white eagles in the NLML this season.

Jim Tobin is the only varsity regular returning from last year's squad that finished with a 17-2 record.

Coach St. Germain said this week, the field is wide open, and maybe by Friday he would have an idea of what to expect for the coming season, as there is a host of last year's JV's that have a good chance of making the lineup on the varsity.

Other holdovers from the varsity are: Tim Mead, Brian Dunkley, Chuck Bonamie, Ron and Don Shepler and Fred Niederer.

The Vikings will open the 1970-71 season on their home court when they entertain the Roscommon Bucks in a non-league game Wednesday night, Nov. 25.

Grayling Youth Receive Firearm Safety Training

85 boys in the 8th grade satisfactorily completed a firearm safety course recently offered at the Grayling High School. The course was a joint effort of the National Rifle Association, Department of Natural Resources, and Grayling Sportsman's Club. Instructors for the course were Bill Thorp and Gideon Robarge. The six sessions included training in safe gun handling, gun and ammunition information, game laws, archery safety, hunters responsibilities and survival.

Under the new mandatory hunter safety law, all young hunters under the age of 17 will have to present a certificate of completion of a firearm safety course in order to buy a hunting license. This will go into effect with all licenses sold in 1971.

For boys and girls who are not able to take the course at school, the Grayling Sportsman's Club will offer a course sometime this winter. Watch for the announcement in this newspaper.

Ready Plans For Thanksgiving At Ausagra Acres

November 28th is Thanksgiving Day and we are planning to have a Thanksgiving Dinner at the Center for all Senior Citizens who are living alone and do not have a family near to spend Thanksgiving with. We will serve dinner at 2:00 p.m. at Ausagra Acres. Turkey, ham, potatoes, dressing, rolls, butter and coffee will be prepared here. Every Senior Citizen coming for dinner please bring a salad, vegetable or a pie.

We will have movies, singing, games and a good time together. Every Senior Citizen planning to be alone for Thanksgiving is invited to have dinner together at the Center.

Will you please drop us a note or call the office - 348-9314 - by November 16th and let us know that you plan to come so we will know how much meat to prepare and how many places to set at the table.

If you are in need of transportation to come, please call and a ride will be arranged for you. A real old-fashioned Thanksgiving Dinner for every Senior Citizen!

If anyone wants to contribute towards our dinner, please call Mrs. Gould.

Lora Gould, Senior Citizen Director

Rev. Olin Resigns Frederic Pastorate

Rev. C. F. Olin, pastor of the Frederic Baptist Church for the past six years, has resigned. Recent surgery and health limitations have necessitated this move. He will be bringing his farewell messages Sunday, Nov. 22.

During his ministry the new building was erected and paid for. Many improvements were made on the parsonage and premises. Also, many new members and friends were added to the church.

Pastor and Mrs. Olin will be spending the winter in Florida. Their address after December 1 will be Royal Palms Trailer Park, 8705 Tamiami Trail, Sarasota, Florida 33581.

They expect to make their summer home at Lake Margrethe. He plans on doing pulpit supply work and wants to devote some time to writing and personal evangelism.

Prepare County Wide Zoning Act

The Crawford County Interim Zoning Commission, cooperating with the Grayling Township Zoning Commission, have completed their recommendations for a county wide zoning act, which will be presented to the County Board of Commissioners soon.

A new zoning map is being prepared now which will bring all changes and new designations up to date.

The zoning boards are asking the assistance of the various supervisors as well as other interested persons in mapping the various townships.

Woman Held

Fatal Shooting At Frederic

A Frederic woman is being held in the Crawford County jail, following a fatal shooting, approximately a mile and half north west of Frederic on Cameron Bridge Road, early Tuesday morning.

Being held in the local jail is Irene M. Nemetz, 57, of Frederic, for investigation of the shooting of Walter L. Denton, 37, of Lincoln Park, Michigan State Police officer of the Gaylord Post said.

Denton died of a gun shot wound in the upper left chest, according to Derek McEvers, Crawford County Coroner.

An autopsy was scheduled for Tuesday evening.

Investigation of the shooting is being conducted by officers of the Michigan State Police Post at Gaylord.

"Sighting In Day" At Sportsman's Club

The Grayling Sportsman's Club located at Bear Mt. Road, will hold a sighting-in day for all hunters of the area on Nov. 14th. The club range will be open from 10:00 a.m. to 5:00 p.m. Members of the club will be on hand all day to help hunters properly sight-in their rifles.

The club is offering this opportunity as a public service to hunters in this area as part of a nation-wide program conducted by the National Rifle Association. Hundreds of NRA affiliated clubs throughout the country are taking part in this program.

A correctly sighted-in rifle is an important step to safe and accurate shooting and increases the percentage of clean kills, says Gideon Robarge, vice president of the Grayling Sportsman's Club. Familiarization firing and knowledge of the point of impact of the gun being used adds enjoyment and safety to the fine sport of hunting.

Detailed information on sighting-in techniques and firing points for zeroing in will be available at the range. Hunters are requested to have all firearms unloaded and actions open when entering the range area. To help defray range expenses a nominal fee will be charged.

Meeting Held

The Board of the Crippled Children and Adults (CCA) was held at the Grayling Housing Center. The following are the officers and board members: Lora Gould, chairman; Marge Haugh, secretary; Norma Hull, treasurer; and the board members are Maureen McNamara, Eddis Sorenson and Letha Leng.

The board voted to purchase a new porta-lift and it will be available for the needs of Crawford County. Wheelchairs, walkers, crutches and other pieces of equipment are available. \$100 will be given to Adele Cousins who is to undergo a kidney transplant.

A tricycle, adult tricycle, will be purchased for senior citizens who need exercise.

Henry Simpson, U.S. Army Advisor, stationed at Bay City, presents the Bronze Star and Army Commendation medal and certificates to Mr. and Mrs. Elmer Pynnnonen of Lewiston, at Mercy Hospital last Friday, on behalf of their son, Cpl. Michael Pynnnonen, who served his country in Vietnam. Standing at left are Darlene and Diana, sisters of Cpl. Pynnnonen. Additional medals he earned included the Good Conduct, National Defense, Vietnam Campaign, Vietnam Service and the Combat Infantry Badge. The Pynnnonens have relatives and friends in the Grayling area.

BE A BOOSTER . . . BUY A BUTTON

Grayling and the whole of Crawford County will welcome the deer hunters at the start of Deer Season with Grayling's Annual Red Coat Roundup.

The Chamber mobile office will be set up on the corner of I-75 Business Loop and Michigan Avenue on Friday, Nov. 13th, for hunters wanting to register for information on hunting, and distribution of Crawford County maps to visiting hunters. The mobile office will operate at the downtown location through Saturday night, Nov. 14th, and then move to the Deer Pole at the Grayling Municipal Park on November 15th. The Deer Pole will be open for all hunters in Crawford County, and will close at 8:00 p.m., Monday, Nov. 16th.

Prizes will be awarded to the first 10 hunters bringing in a deer, largest racked buck; heaviest deer, first buck brought in, first woman bringing in a buck, and the youngest hunter bringing in a deer.

Red Coat Roundup Buttons will be sold, and the button is the official registration insignia for anyone entering the deer contest.

It is anticipated that the first deer will be brought in about 7:30 a.m., November 15th, and that by Noon the first 10 deer will be on the Pole. The biggest bucks will probably come in early Sunday morning and late in the evening on Sunday.

Last year the prize for the first woman bringing in a buck was not claimed. All deer on the Pole will be chained and locked and a watchman will be on duty round-the-clock.

WGRY, Grayling's radio station, will be broadcasting on the spot from the Chamber mobile office with hunter's information and interviews with visiting hunters.

Any motel with accommodations available for the opening of Deer Season, please call Chamber Office — 348-3334.

Through every generation — people have looked for peace and security. Hundreds of volumes have been written on the subject and thinkers and writers have devoted their lives to the search.

But of all these books, the Bible is most concerned with peace and security. "Fear not, for I am with you; be not dismayed for I am your God."

No man-made philosophy can banish the worries and troubles of today's complex life. But in the gospel we find assurance of His care.

God loves us. When we go to Him in humility, He cleanses us of sin. Our minds are put at ease. Peace fills our souls.

Go then to the Book for modern man. Through study, prayer and worship we will find that peace which has been granted to millions — in every country — in every age. Discover anew the life for modern man.

High-Climbing Litterbugs

A new high in littering has been reached by the litterbugs. Mount Whitney in California — the highest peak in the nation with the exception of Mount McKinley in Alaska — has joined the ranks of the scenic areas that are being despoiled by a careless public.

According to the Daily Times Leader of West Point, Mississippi, the noble summit of Mount Whitney "... is littered with paper, bottles, cans, and the like ... Each summer the National Parks Service hauls tons of the stuff from the peak using pack animals to get it down the steep trails. The situation is so serious that the Park Service is considering building a heliport on the summit to expedite trash removal ... a lot of the people are, to put it bluntly, behaving like slob." It takes a lot of energy to deposit garbage on top of the nation's second highest peak. If a little of this energy could be turned into brainpower to help keep the country clean and beautiful, we would have a land of unsurpassed beauty.

Two Worlds

Anyone who wishes to remove themselves from our late Twentieth Century, mass-production, industrial society can do so with comparative ease. Instead of struggling for years to slowdown or abolish the American system, environmental and political extremists can migrate to a country like Czechoslovakia. There the people enjoy the blessings of living behind the Iron Curtain where the state makes the final decision on what consumers may or may not have. Take autos for instance. According to a late press release, about 300,000 Czechoslovaks are on waiting lists for cars sold through official channels. The waiting period is two to three years, and prices range from the equivalent of about \$7,000 for a small Soviet-built Moskvich to \$28,000 for a deluxe Taltra.

We may have our environmental and social problems in the United States — problems that spring, at least in part, from productive abundance and freedom of opportunity. But, it is reasonable to presume that most Americans would prefer this kind of problem to the kind of economic and class barriers that still prevail under old-world statism.

Interesting Events In Grayling 23 Years Ago

INTERESTING ITEMS OF NEWS GATHERED FROM THE
FILES OF THE AVALANCHE OF 23 YEARS AGO

November 13, 1947

February 14 and 15 have been named as the Winter Sports Carnival dates in Grayling for this coming winter sports season, it was announced at the first meeting of the East Michigan Winter Sports Council at Standish last Friday. Plans for carnival events by the Chamber and operation plans of the park by the Sportsmen's Club are still in discussion stages.

Past president Roy Trudgeon and City manager George Granger were honored at the regular meeting of the Kiwanis Club of Grayling held at the Michelson Memorial Church Monday evening when both were presented with the club's annual "Flowers to the Living Award." This year's dual selection is the first in the club's history.

At the Michelson Memorial Church Saturday, Nov. 8, at 2 p.m., in the afternoon, Rev. Winters of Flint, united in marriage Mae Louise Wilcox, daughter of Mr. and Mrs. George Wilcox of Flint, and Howard Hatfield, son of Mr. and Mrs. Harold Hatfield, Sr., of Grayling.

Alfred Hanson returned from Detroit Wednesday of last week bringing back a new wrecker for his garage.

Mrs. Alfred Hanson, Mrs. Carl Nielsen and Mrs. Esther Peterson were in Marquette recently visiting Mr. and Mrs. Russell Robertson, and the Guy Peterson family.

Mr. and Mrs. C. J. Elston drove up from Flint on Sunday and the latter remained for several days visiting her daughter and family, the Robert Strongs.

Mrs. Frank Bond was hostess to the Saturday Bridge Club at their last meeting. Mrs. Ella Wilcox and Mrs. George Griffith were guests of the club. Mrs. Roy Trudgeon held high score and Mrs. Harold MacNeven second high.

Mr. and Mrs. Wesley Hayes are proud to announce the arrival of a son, Robert Allen, on Wednesday, Nov. 5, at Mercy Hospital.

Mr. and Mrs. Robert Sorenson entertained a number of folks at a pinocle party Wednesday evening of last week, in connection with the Lions Club.

Mrs. Wm. McLeod won high score for the ladies and Charles Moshier for the men.

Mrs. Fred Lamm entertained 16 youngsters in honor of her nephew, Jimmy Granger's 10th birthday, Saturday afternoon. The party started out with a treasure hunt and upon ending in a tie all shared in the treasure. Games followed with Nancy Hilton and Lila Bunker, Jimmy Bishaw, Larry Balch, Donald Stephan, Denise Sorenson and Patty Thompson winning prizes. The party ended with supper being served and of course a birthday cake. The party was also a farewell party for Jimmy and the guests presented him with a snapshot book and a snapshot of each of them.

Dr. and Mrs. Leonard Allison spent several days in Bessemer in the U.P. last week.

The Arnold Babbitt family have moved back to Grayling to make their home. They have been residing in Flint. They have a new home under construction in Babbitts AuSable River Park.

Mr. and Mrs. Carl W. Johnson entertained at dinner Sunday members of the late Mrs. R. D. Connine's family from Traverse City.

Weekend guests of Mr. and Mrs. Wilbur Winslow were John Winslow of Chicago, Ill., and Lyle Winslow of Sheldon, Ill., Mrs. R. C. Winslow and daughter. The boys all being brothers.

Mr. and Mrs. John Allen of Flint and Mr. and Mrs. George Wilcox and son, John, also of Flint spent the weekend in Grayling. Mr. and Mrs. Allen were present for the marriage of Mr. and Mrs. Wilcox's daughter, Mae Louise which took place Saturday.

Mr. and Mrs. Byron Randolph motored to Vanderbilt Monday evening, where they brought Mrs. Randolph's father to Grayling where he entered Mercy Hospital Monday evening.

Mr. and Mrs. Elmer Greenwell of Detroit are making their home here, occupying the Roy Johnson house.

Gerald Worden was to arrive home yesterday from the Naval Air Base in Jacksonville, Fla., to spend a thirty day furlough with his parents, the Arthur Wordens. He has re-enlisted for another two years.

Mr. and Mrs. Don Sweeney of Detroit, former Grayling residents, spent Saturday here calling on old friends.

46 YEARS AGO --
November 13, 1924
Mrs. Jennie Murphy returned the latter part of the week from Dearborn, where she had been visiting her daughter, Mrs. John Righam.

With no prospect of relief from drought and new blazes starting as others are brought under control, forest fires have been raging in seaboard states between the Canadian border and Maryland, and west as far as Kentucky. Hundreds of fires are raging in the mountainous regions of New York and New Jersey.

Mr. and Mrs. Struble of Shepherd and daughter, Mrs. Donald Taskell, of Big Rapids are guests of Mr. and Mrs. Sigwald Hanson.

Miss Muriel DeLaMater entertained a number of young friends Saturday afternoon in honor of her birthday anniversary.

George Burke and Charles Fehr, accompanied by ita Adams of Charlevoix left Saturday on a deer hunting trip to Bergland in the Upper Peninsula.

Ted Howell of Bay City is visiting his sister, Mrs. James Bowen.

Miss Mae McCarthy of Grand Rapids spent a few days visiting her parents, Mr. and Mrs. Jas. McCarthy and family.

Miss Evelyn Rood is enjoying a week's vacation from her duties at the Avalanche office, and is spending it with friends at Fife Lake.

Floyd McClain and Leslie McMahon of Detroit have gone on a deer hunting trip to the Upper Peninsula.

A son was born to Mr. and Mrs. Henry Klein on Friday last. George Colleen came into town with a fine buck weighing 253 pounds. This is the largest one we have heard of so far, it had 17 points.

Mrs. Rose Balhoff and Mrs. P. P. Mahoney have opened a tea room in the Goudrow building and opened for business Saturday.

Frank James and Miss Rose Pratt of Frederic were united in marriage by Justice O. P. Schumann, Saturday afternoon. Miss Pratt is the daughter of Mr. and Mrs. James Pratt of Frederic.

Christmas Gift Wrapping Starts

The Red Cross Hospital Volunteers at Traverse City State Hospital will begin the task of wrapping Christmas gifts for patients during the week of November 9.

In an effort to provide a very happy holiday season for all of its patients, Traverse City State Hospital, over the past 14 years, has had the outstanding cooperation of friends in the 39-county committing area. Again this year, the hospital urges civic organizations, clubs, churches, schools and all other groups, as well as individuals, to take part in this extremely important program.

Gifts for patients need not be expensive but they must be new. This year, as in other years, gifts should not be wrapped but a sufficient amount of wrapping materials should be sent.

The list of acceptable items is almost inexhaustible. All sorts of cosmetics, shaving preparations, hair preparations, inexpensive items of clothing, cigarettes, tobacco, pipes, etc. for men are always in demand. Jewelry, clothing items, gloves, purses, nightwear, stationery and gift cosmetic items are just a few of the gifts for women.

The hospital also has well over one hundred children, and gifts for young people would include all types of model kits, coloring books, paint-by-number sets, children's books, games puzzles and, of course, items of clothing.

Persons expecting to send gifts to the hospital are reminded that the gift wrapping will begin during the week of November 9, and it is a tremendous task. It is urgent that gifts be received at the hospital in November, if possible. They should be received not later than December 10.

Additional information regarding types of gifts and mailing or shipping instructions can be obtained by simply writing the Community Relations Department, Box C, Traverse City, Michigan 49684.

Groups which already have gifts ready for mailing or shipping to the hospital should also send the contribution to the Community Relations Department.

Mr. Howard D. Madsen, Editor
Crawford County Avalanche
224 Michigan Ave.
Grayling, Mich.
Dear Mr. Madsen:

I wish to comment on a dangerous practice carried on in Grayling by many persons, best described by Mr. Wilcox recently as "hicks and rubes." I refer to the driving habits of various local drivers along with some non-resident people. Particularly frustrating is the insane and lazy habit of U turns in the middle of the business district and of backing across streets and intersections. I have observed local business and professional people and at least one city commissioner pull this bad habit. I had a near accident today when a local pulled across in back of me. Thus, my concern is based on a real danger.

I suggest that Grayling needs a double yellow pavement strip from Spruce Street to the County Courthouse. NOW! This should mean no crossing. I also ask for enforcement — tickets, not warnings — by the city police. NOW! Of what possible use and sense is a no U turn sign at an intersection when U turns are constantly being done in the middle of the block? Defensive driving works only so far when it comes to the offensive driving of some persons.

Sincerely,
Warren G. Yoder

CLASS OF 1945 HOLD REUNION

25th reunion of the class of 1945 was held at the Legion Saturday, Oct. 24th with members attending. Those from out of town included Mike Brady of Nigeria, Africa; Howard DeLaMater, Warsaw, Ind.; Bennie and Betty Allen of Lansing; Dick Dawson of Grand Rapids; Ed & Lila Owens, Lennon; Jack and Phyllis Barber of Livonia; from Grayling there were Dick McDaniels, Joye Mathews, Ted and Jennie McEvers, Dick and Betty Ashton, John and Barbara Sojka and Hazen and Lois Hatfield.

A wonderful dinner was served by the Women's Auxiliary and the evening was spent reminiscing about old times. However the ones from out of town were very disappointed in not seeing more local members of their class. Plans were made for a future reunion in five years.

To The Editor:

Something must be done about the stealing going on in the Grayling High School.

My son's winter jacket was stolen from his locker and the school principal says nothing can be done about it. I cannot afford to spend \$25.00 on another jacket and then take the chance it will be stolen again. I find in my discussions with other parents that stealing is a very common occurrence in our high school. This is a disgrace. We can't even dress our kids in warm jackets and boots this winter for fear they will be stolen.

Let's hear it from some of you parents. Are we going to stand by and let this get out of hand? We are proud of our football record but our Stealing record is something else.

JOLLY GALS PARTY

The Jolly Gals Hobby Club held a Halloween party Thursday evening at the home of Rita McEvers. The evening was spent playing games. Don Decker was a guest of the club and also won the Penny Prize. The November meeting will be at the home of Mary Houle on November 19, at which time the group will start working on Christmas projects.

To the Voters of Crawford County, District 2 . . .

I wish to thank those people who voted for me to represent their district on the Crawford County Board of Commissioners.

It was asked by many people why I did not publicly answer the questions put forth by my opponent in his newspaper advertising. There is nothing to be gained by rebuttal of points not worthy of such during a campaign. It is my belief that the choice of the voter on election day should be based on the abilities of the candidate — not the political ability, but the ability to do things in an intelligent, businesslike, fair, and reputable way.

Now that the fall election is over, I will answer the five points raised in my opponent's advertisements.

(1) The Crawford County Board of Commissioners has nothing to do with the equalized tax valuation assessed in the various townships. This is done by local studies by the Michigan State Tax Commission. The Commissioners have nothing to do with tax appeals unless directed in a legal manner to do so by the Township Supervisors.

(2) Are people who work for the County to be considered "Second Class Citizens?" Or should they be regarded as "First Class Citizens" and be paid salaries or wages commensurate with their neighbors who work for private industry or business. If the taxpayers of our County want and need the services of health, law enforcement, social services, etc., it should be available to everyone who asks. Examples: immunization of our children, protection to residents of outlying districts, help for our needy. In many instances, such as our court system, we have no alternative except to offer services as stipulated by the State of Michigan Legislature.

(3) The Board of Commissions appropriated \$1,500 to the Chamber of Commerce. This practice is not uncommon in other counties of the state. The Board of Directors of the Chamber, consisting of 12 individuals representing all facets of business in Crawford County, disperses the use of such monies. Shutter the doors and windows of the Chamber in answering recreational inquiries, handling promotional efforts, news releases about activities of our community and county, any development of new enterprises, and the other varied activities of the Chamber; and the businesses of Crawford County can well shutter their doors and windows. Without continued economic growth, a community can become a ghost town.

(4) Until such time as the State of Michigan closes the public use of our rivers, lakes, Federal and State lands, these recreational areas belong to the people of the State of Michigan and the Nation to use. The private sectors we have taken care of with County-wide zoning and Green Strip Zoning. The property owners are protected against junk yards, health nuisances, and indiscriminate use of private land.

(5) This item is unworthy of comment except my opponent did find it more desirable, because of zoning in Grayling Township, to go to another county during the past summer to operate a commercial, recreational business of a canoe livery.

Letters To The Editor

CRY WOLF

On Saturday night around ten o'clock, out in the country 12 miles from town, suddenly the sound of a siren on a fire truck and a bell ringing was heard. People in the cities hear this sound all the time, day or night so they don't realize what the wailing of a fire siren out in the country means, especially late at night. It usually means that a neighbor's house may be on fire and they need help.

It has been the custom of "Country Folks" for many years to help each other in such times of need. Also, it has been the custom for as long as people have lived along the river to ring the "Dinner Bell", that most everyone has, long and incessantly to alert the neighbors where the help is needed as well as use the telephone, if it isn't busy.

So upon hearing the siren and the bell the neighbors started calling each other in the vicinity of the sound and finally found out that some people up here from the city to have a good time, had acquired an old fire engine to play with and they were doing just that. Playing with it.

Some people may think this is a great joke but I can assure you it is no joke when your house is on fire and you need help.

BITS O' TALK

Mrs. George Stokley of Detroit and son, S/Sgt. Gordon Stokley, who is stationed in California and home on leave, and his friend, Andree Averill of Detroit were recent visitors of Mrs. Bessie Dingham, not Mabel Dingham as stated in last week's paper. Gordon and Andree took a canoe trip down river. Our apologies.

Mr. and Mrs. Paul Hendrickson of Alpena recently visited the Roy Smiths and Rev. and Mrs. Claire Olin.

Mr. and Mrs. David Englund (nee Judy Smith) of Grand Rapids spent last weekend visiting their parents, the Roy Smiths and Carl Englands.

A group of 16 ladies from St. Mary's Church attended a workshop at Reed City on Wednesday evening of last week.

Mr. and Mrs. Lee Charron and daughter, Tracy, and friends, Marge and Jim and children of Marne, spent a weekend recently visiting Mrs. Charron's parents, Mr. and Mrs. Art O'Connor, her grandmother, Mrs. Jean Jackson and sister, Ginger Jones and family.

Fish Fry, Saturday, Nov. 14, at Grayling Sportsman's Club house, all you can eat plus pie. Take outs available.

Mr. and Mrs. Ken Carlisle expected the Dale Armstrongs and four children of Madison Heights up to spend the past weekend with them. Mrs. Jennie Stanton of Bay City has come up to spend the winter with the Carlises. She is the mother of Mrs. Carlisle.

Recent visitors of the Earl Longworths were Mr. and Mrs. Charles J. Grandy of Saginaw, parents of Mrs. Longworth; also Sheri Kay Kasper, daughter of Mrs. Longworth. Richard Devereaux and Parker Stetson of Bloomfield Hills visited on Saturday evening.

Frederic

Bill Armstrong died November 3 after a long illness. He was born in Frederic and has always resided here. He was one of our boys in the service in W.W. II. Our sincere sympathy to Anna-bell and his children and brothers and sisters.

The women of the Hobby Club and Woman's Club appreciate all who contributed food and worked at the funeral dinner last Friday.

Mr. and Mrs. Jim Madill and family spent the weekend in Saginaw, as guests of the Alan Lucksteads.

Mr. and Mrs. Elroy Barber have been visiting their daughters in Illinois and Wisconsin. Charles J. Grandy of Saginaw, parents of Mrs. Longworth; also Sheri Kay Kasper, daughter of Mrs. Longworth. Richard Devereaux and Parker Stetson of Bloomfield Hills visited on Saturday evening.

Mrs. Stella Wilson left Monday to spend some time visiting in Detroit.

Mr. and Mrs. Jerry Hyde of Flint, visited Kenneth Burkhardt Monday. On Tuesday they went to Rogers City to see Mr. and Mrs. John Parson.

Please remember the change of the November meeting of the Woman's Club. It will be at the home of Laura Battles November 12.

Mrs. Cameron is still a patient at Munson Hospital. A card shower for her this week would be much appreciated.

Mrs. Theresa Hailey and children of Midland were at the Homer Dumont home Sunday.

Mr. and Mrs. Homer Dumont are spending a few days in Traverse City.

Mr. Charles Hawkins of White Fish Point, Mich. spent Saturday and Sunday with the Joe Wargo's on his way to Florida.

Mr. Bennie Allen of Lansing visited the Kenneth Allen home on Sunday.

Mrs. Mary Sue Allen returned to her home in Detroit after spending the past week with her parents the Vance Horners.

Mr. and Mrs. Charles Gibbons of Ortonville spent the weekend at the home of Mr. and Mrs. Kenneth Allen and also visited other relatives.

The Golden Egg Of Taxes

There are polls, and then there are polls. With the 1970 general election fresh behind us in Michigan, so—we hope—is the subject of polls, at least for a while.

One trouble with some polls is that they are too simplistic, and an auxiliary trouble is that in many cases, by framing the question, the pollster can help shape the answer.

These are two reasons I've always looked with a jaundiced eye on polls of constituents conducted regularly by many members of the legislature and congress. Usually, they try to cover the most complex questions of the day by requiring a simple yes or no response.

A non-political example of the same type of unreliable poll-taking popped up the other day; at least, on the surface it is non-political.

One of Michigan's metropolitan daily newspapers, which runs a daily question box asking its readers to sound off on selected topics, chose this question:

"Should Michigan's tax structure be based on a graduated income tax or on property taxes?"

Now, isn't that an all-inclusive question... and so simple. As could be expected, the bulk of the responses—and we never do know how many responses are recorded—favored the income tax by 79.1 percent to only 20.9 percent for the property tax.

But what about us poor peasants who don't agree with either alternative? For example, there are a majority of Michigan voters who don't want the graduated income tax at all—at least, they didn't the last time it was put to the voters in a statewide referendum a few years ago.

And, of course, we're all fed up to the gullets with the property tax.

But the vision haunts me that one of these days an aspiring pro-graduated income tax enthusiast is going to wave the statistics from this sophomoric "poll" and claim that citizens of Michigan really want their state tax structure based on the graduated income tax. After all, doesn't he have the evidence of a 79.1 percent favoring poll from one of Michigan's giant newspapers?

And unfortunately, when and if this politician does arise and wave the clipping, it's going to take a lot of explaining to deny his point.

The point, of course, is that the question as posed in the poll is like the old one "when did you stop beating your wife?" The question is too complex to command a simple answer.

There are really only three basic ways for a government to tax—to tax what you own, or to tax what you earn, or to tax what you spend.

The combination of Michigan governments

exists on a combination of the three—the property tax, on the local level; the income tax, on both the state and the local level; and the sales tax, combined with the various user taxes, on the state level—although user taxes are making some headway at least in principle on the local level, too.

In Michigan, the income tax under our state constitution must be a flat rate tax; in order to have a graduated rate tax, such as the federal income tax, we would have to change the state constitution. This was attempted a few years ago, and failed by a wide margin.

However, by maneuvering you can turn a flat rate tax in effect into a graduated tax, and you can do this by manipulating the exemptions. This method cannot provide the steeply graduated effect of the federal income tax, but it can exempt the lower income wage-earners, or reduce their taxes to an insignificant level.

Taxes are a complicated and sophisticated subject, and it basically is unfair to attempt to answer such a question as the state's basic tax structure with a simplistic, one-word response.

Taxation is an art which requires government to pluck the most feathers from the tax-paying goose while causing the least squawk. And that, dear readers, is a tough job.

Name Manager For New WGTU-TV

Traverse City — The Board of Directors of Northern Entertainment, Inc. have appointed their president, Thomas W. Kiple as manager of WGTU-TV.

Mr. Kiple was formerly Station Manager for WSHJ Radio in Southfield, Mich., and is currently a member of the Federal Communications Commission's National Industry Advisory Committee. A graduate of Wayne State University, he majored in TV-Radio Management and Production.

Now a resident of Traverse City, Mr. Kiple will devote his full time to the management of the station and Northern Entertainment, Inc. The company holds the construction permit for this newest northern Michigan station, which is scheduled for immediate construction. Operating on UHF channel 29 with a million watts of effective radiated power, WGTU will be the most powerful television station in the northern Michigan area to provide full color facilities for both network transmission and local production on videotape and film. The studios and business offices will be located in downtown Traverse City.

SUNDAY'S SERMON

For many, Veteran's Day each year passes with little comment or observation. For many Americans, however, it is a time of memory—a time to recall periods of great times, great friends, and great hardships. These are the men and women who, in times of national emergency, proudly served in defense of "My Country". To all of these, and to those who made the ultimate sacrifice, this Nation owes a solemn gratitude.

Veterans' Day - Nov. 11, 1970

ABOUT NOW
Business people often, in a joking manner, say to a contemporary, "Thanks for what you did yesterday but, what are you going to do for me today?"

Many of us often approach the business of living in the same manner. We're much too concerned about right now. We have forgotten about yesterday and we won't worry about tomorrow until it gets here.

Now is an important time. Now we have the opportunity to do anything that needs doing. Now, while we're thinking about it, we can take action. We can make an effort. We can achieve something.

But, we can do it better, if we remember the lessons of yesterday and at the same time recognize that tomorrow is coming soon. If we do something today that is not right, that is not worthwhile, we may not be able to set it aside from our thoughts when the new day dawns.

WORTH A SMILE... Jancy Cothran, left, Walter Reed General Hospital's first kidney transplant patient, bids a happy goodbye to Lt. Col. (Dr.) Joseph L. Alexander, fourth from left, as he leaves the hospital in Washington, D.C. Dr. Alexander, chief of Transplant Service, led the team of Army surgeons which performed the transplant. Sharing Jancy's smile are her parents, Air Force Lt. Col. (Ret.) and Mrs. Benjamin A. Cothran and Capt. John P. Frank III, head nurse of the ward in which Jancy recuperated.

Rialto To Show Adventure Film Wednesday, Nov. 11

In the still, rugged high country of Colorado there is nothing more real than a young cougar as he stalks his prey. And there is nothing funnier than the actions of a curious cat as he awaits a cold and hungry night... wondering how it got away!

"Cougar Country" is the real story of the first two years in the life of a mountain lion in the beautiful mountains of the West. It is the latest release by American National Enterprises, Inc., an outdoor and adventure film company located in Salt Lake City, Utah.

A huge cast of wild animals provides the action as "Whiskers," the cougar, grows up under the careful tutelage of his mother. Background is the natural splendor of the Rocky Mountains. Nature provides the special effects; American National Enterprises, Inc., provides the film and cameras.

Life for the young cougar among the peaks of the Colorado Mountains is exciting and funny as he learns to catch fish from an icy stream and sometimes ends up getting wet.

"Cougar Country" provides "fun" entertainment for the entire family as "Whiskers" moves farther and farther from his mother's lair and meets more of his neighbors, including a somewhat offensive skunk, a marmot, a not-too-friendly American Eagle, giant moose and elk, beaver, badgers and coyotes—and all the other animals with whom he shares his territory—"Cougar Country."

Here is an outdoor film that shows nature as it really is—sometimes deadly serious, sometimes unbelievably comical—but always colorfully beautiful! "Cougar Country" is a film which adults and children alike will enthusiastically enjoy.

"If It Fitz . . ."

Before I
Leave You

By Jim Fitzgerald

A fellow columnist recently told his readers he has terminal cancer and will soon die.

I couldn't help wondering: If the doctors put a black X on my forehead, would I tell you about it? Outside of being born, the most important thing that happens to a person is dying. If I had advance notice of my funeral date, would it be fair to withhold the news from my constant readers (Mother and Aunt Madeline)?

Let's say the doctor gave me six months. Chances are I could press words out of this typewriter right up until the last week or so. I base this estimate on past experience. Neither snow nor rain nor terminal hangover has ever kept me home from work. This isn't because I'm brave and rugged. It's because anyone who sleeps during the day in my house risks a cat in the face or a vacuum cleaner in the ear. My home is no place for an unhealthy man.

I could probably write 24 goodbye columns before finally leaving. My friendly mortician would wear out his tongue licking his chops.

And I could write more than soggy farewells. I could tell everyone off in fine fashion. I could prick balloons and name names and expose all sorts of foul hypocrisies. I could finally write without fear of a punch in the nose because no one would punch a doomed man. I would walk with a limp just to make sure.

I could also make it clear what I want done with my body. I want the doctors and scientists to help themselves . . .

—The eyes should go to a blind girl so that I might finally see what women see in clowns like Elvis Presley, Englebert Humperdink and Tom Jones.

—My heart should be transplanted into anyone living in San Francisco. Then the band will always know what to play when I walk into a nightclub in heaven.

—My liver should be made available but not forced upon anyone.

—The doctors can decide the distribution of any other parts that might be in demand at the time. The remains should be cremated and the ashes put in a Mason jar and stored on a shelf along with my wife's jams and jellies. This will help her to remember me every morning just before she spreads her toast.

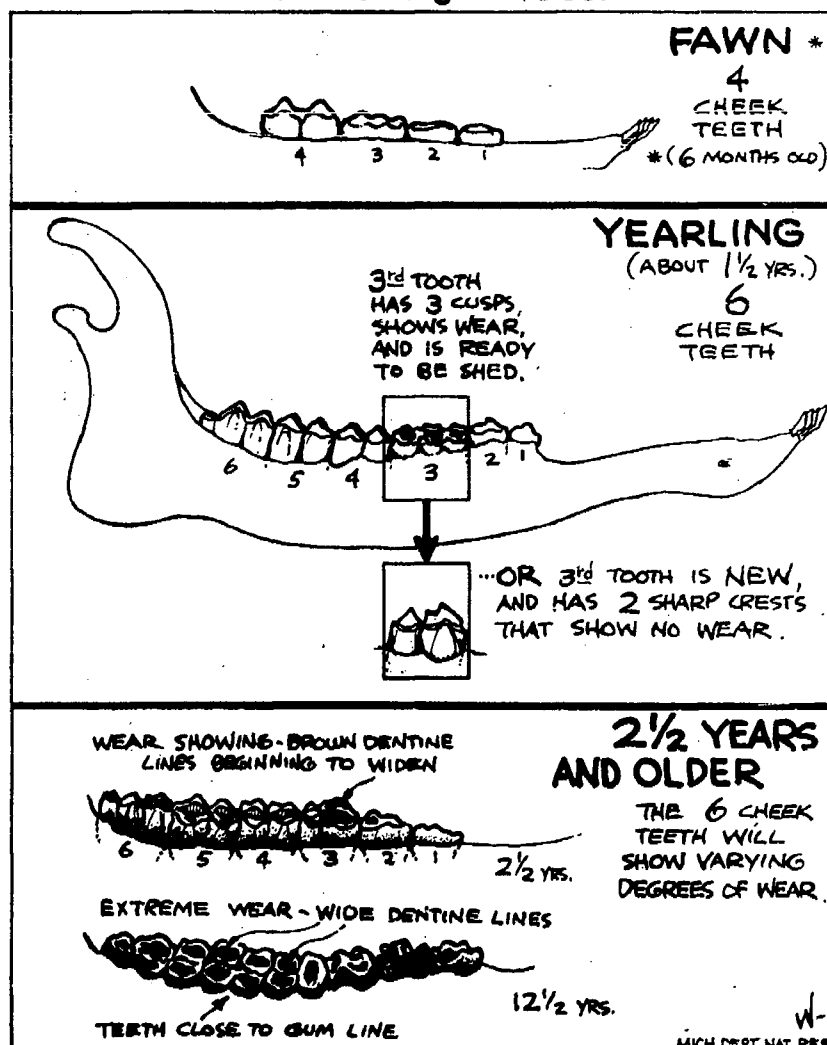

These are all persuasive reasons for announcing my death in advance, if I should ever get the chance. But the best reason was supplied by a friend.

"Is it fair to force readers to react to my death before I die?" I asked him. "Should I print my obituary months in advance?"

"Sure," he answered. "That way you can go to all the parties."

Teeth Tell Age of Deer

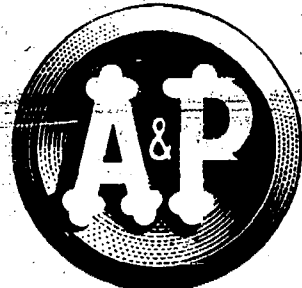

The best known way to age deer is by checking the condition of their teeth; the same as a veterinarian ages a horse. Deer have "milk" teeth and permanent teeth. The permanent ones are all in at two years. Up to two years, deer are aged by the stage of tooth development; after two years, by the amount of wear on the teeth. Here are some pointers to help Michigan hunters determine the age of deer they shoot this season. Hunters are advised that efforts to age deer become tougher on animals which are more than 1 1/2 years old; often it takes a trained game biologist to pin down the age of whitetails which are older than this. All successful hunters, including those who age their own deer this fall, are urged to stop at roadside biological deer checking stations of the Department of Natural Resources. DNR game men will also age the deer of these hunters and examine the animals for physical development as part of a fact-finding effort to guide future deer management in Michigan. Four of the checking stations—those at Bay City, Alma, Paris, and White Cloud—will be manned for deer studies during the November 15-18 and November 21-22 periods. The one at the Straits of Mackinac Bridge will be operated during the November 18-22 period.

CARD OF THANKS

I wish to thank the staff at Mercy Hospital and Drs. Blaha and Henig for the wonderful care given me while a patient there, also Rev. Bilger and those who offered prayers for me and neighbors and friends who sent cards.

Mrs. Charles E. Hooper

BITS O' TALK

Mrs. Richard DuBois left on October 30th and returned home on November 9th, going to Ames, Iowa, where she visited her mother, Mrs. R. E. Houck, and brother and family. Her mother returned home with her to spend until after Thanksgiving with the Du Bois.

Mrs. Elizabeth Atkinson and Mrs. Ester Peterson recently enjoyed a three weeks vacation in Hawaii. They spent one week on the island of Oahu and the rest of the time on the other islands. They were met in Honolulu by Chuck Morley and Jo and were royally entertained. They saw the Don Ho show and also visited Pearl Harbor. In all they traveled about 12,000 miles by air from the time they left Detroit until they returned. They report that they had a wonderful time and the scenery was beautiful.

Fish Fry, Saturday, Nov. 14, at Grayling Sportsman's Club house, all you can eat plus pie. Take outs available.

Mr. and Mrs. Clarence Gross spent the weekend visiting their daughter and family, the Reggie Ashtons, in Bridgeport.

Jim Knibbs spent the weekend at home from C.M.U., Mt. Pleasant. Mr. and Mrs. Leonard Knibbs were in Mt. Pleasant Sunday to attend Parents Day of Sigma Kappa sorority of which their daughter, Nancy, is a member. Nancy was toast-mistress at the dinner held at The Embers.

Mrs. Marion Burch of Torch Lake is spending a few weeks with the Bill Josephs. She is Bill's aunt.

Louis Maurer spent the weekend visiting his parents, Mr. and Mrs. Bernard Maurer. He accompanied Mr. and Mrs. Hauxwell who picked up their son Mike who is also a student at M.S.U. at East Lansing.

THE DINNER BELL will be open late Friday night and all night Saturday and Sunday.

Mr. and Mrs. Roy Christenson of Mt. Morris spent weekend before last visiting his mother, Mrs. Mabel Christenson. Visiting Mabel this past weekend were her grandson and wife, Mr. and Mrs. Charles Roy Christenson and family of Grand Blanc.

Mr. and Mrs. Homer Annis left last week for Roseland, Fla. for the winter months. They planned to visit in Mississippi and Texas while away.

Mr. and Mrs. E. V. Myers have moved back to Pontiac, their former residence.

Lynn Reeves and Rita McEvers spent Tuesday in Bay City.

Courts Studied

Michigan's probate court system is being examined by a special 10-man commission to see what improvements can be made in it.

The commission was appointed by Supreme Court Chief Justice Thomas E. Brennan, whose post makes him the chief administrator for all the courts in the state.

Brennan says the committee is searching for suggestions from laymen as well as lawyers on ways in which Michigan's probate system can be improved.

The chief justice says the committee will "review probate court procedure and propose any improvements which may be promulgated by the Supreme Court in the form of rules under applicable constitutional provisions."

"With current studies by the Legislature to improve the law relating to settlement of estates, it is particularly timely and important that procedural aspects, the administration of which are essentially court functions, be reviewed to assure implementation of a process that is as efficient and effective in securing and protecting rights as is possible," he said.

The high court was given new supervisory powers over the state's lower courts by the 1963 constitution and the current study is its latest move in exercising those powers.

Dilemma's Horns
With so much doubt among the experts concerning what the effects of thermal pollution on large bodies of water will be, the Michigan Water Resources Commission has proposed the placing of a five-year moratorium on the construction of nuclear power plants on Lake Michigan.

Only one such plant is now in operation in Michigan on the shores of Lake Michigan. That one is located in Big Rock Point near Charlevoix.

Two other plants are under construction at Palisades Park near South Haven and at Bridgman, and these two plants would be allowed to begin operation under the Commission's proposal.

The operation and effects of these three plants would be tested over a five-year span before any more could be built under the plan.

People need electric power which can be supplied no other effective way than by nuclear production, but there is some concern that present methods will cause environmental damage from the warm water which flows into lakes or rivers.

Harlan Hatcher, former U-M president and a member of an international team to study environment, told members of the University Press Club of Michigan that it seems wisest to begin production of nuclear power now, observing what, if any, damage is done and making what changes need to be made if trouble develops. He indicated that the nation's need for power is so critical and the dangers from this procedure so questionable that cautious progress should continue.

The commission recommendation for the moratorium was forwarded to both the Federal Water Quality Administration, which rejected the state's last proposal of a set of standards.

It also was sent to the Atomic Energy Commission, which must approve all new plants before they can begin operating. The AEC, however, worries mainly about potential radiation.

The commission said in its recommendation that if at any time during the five-year period it appeared existing plants were damaging life in the waters around them, they should be shut down or modified to stop such damage.

Environment Studied
The State Highway Commission is taking note of the new national concern over the environment, as well.

The commission says it is conducting computerized inventory checks of environmental factors in planning all future highways in the state.

"Once we know the character and amount of land in the patterns of the area we are studying, we can make much more intelligent decisions about where development -- and what type of development -- can and should occur," explains Highway Director Henrik E. Stafseth.

He said such a system has been used successfully in New York, Wisconsin and Maryland.

What makes a Lucky Driver?

The one who enjoys every trip — gets there on time — is never hung up along the way... he's not lucky — he's just smart. He checks before the ride and at the first hint of trouble looks for a service-repair shop that features good service and NAPA replacement parts.

Follow the lead of the "Lucky" Driver. Make the NAPA Seal your guide to pleasure, safety and practical econo-

my. Leading service-repair specialists everywhere know the greater dependability of Parts bearing the NAPA Seal of Quality and know how to install them properly. NAPA is the largest independent Automotive Parts distributing organization in the world and features famous brands made expressly for the professional mechanic in your local NAPA service-repair shop.

AERIAL VIEW — Here is a recent aerial of the Kirtland Community College campus. In the foreground is Unit #1, presently the main facility which has been in use for two years. Other facilities in the background are Unit #2 (left) the Occupational Studies Building; Unit #4 (center) the Learning Materials Center

(library) including the admissions and counseling offices; and Unit #3 (right) the Academic Studies Building; all under construction yet at this time. There is hope for these facilities to be in use by the first of next semester.

Gen-Tel Applies For Rate Increase

General Telephone filed an application with the Michigan Public Service Commission today seeking authority to increase rates for phone service, company President T. A. Saunders announced. The application was the first the company has filed since 1960 and stated that greatly increased costs of providing telephone service make rate increases necessary. Included in the costs listed are interest rates on bonds and short-term bank loans, taxes, depreciation, prices of materials and wages.

"We want to continue our service improvement and expansion programs at the same high level and believe our customers want us to do so; however, we must have increased revenues to produce higher earnings with which to attract additional new capital from investors," Saunders stated.

No specific rates or amount of increased annual revenue has been developed.

General Telephone, the last of the state's major utilities to file a rate hike application in recent years, serves over 440,000 telephones in 486 Michigan communities located in 61 of Michigan's 83 counties.

BITS O' TALK

The Bridge Club met on Wednesday evening, Nov. 4th at the home of Mrs. Leonard Knibbs. Prizes were won by Mrs. Leonard Knibbs, Mrs. Thomas Welsh and Mrs. Joseph Stripe. The next meeting will be held at the home of Mrs. Thomas Welsh.

Mr. and Mrs. Harry Souder and Mrs. Dale Pettengill spent Tuesday evening, Nov. 3, attending the Fred Waring Concert which was held in Williamston at the High School auditorium. The Souders spent overnight with their daughter and husband, Mr. and Mrs. Robert Knutilla and Mrs. Pettengill spent the night with her family in Perry. They returned home on Wednesday.

Sam Mead sang a vocal solo and did not play a guitar number as was reported in the Silver Top Senior Citizens news, when June Feldhauser and some of her students entertained at the October meeting.

Mr. and Mrs. Marvin Bielski and daughters of Flint spent last Saturday visiting his parents, the Joseph Bielskis. Another son, Rev. and Mrs. Richard Bielski of Crestwood, Ky spent Wednesday and Thursday visiting their parents.

Mr. and Mrs. Fraser Dean and family entertained Mr. and Mrs. Joseph Baker and eight children of Lakeview on Sunday. Mrs. Baker is Fraser's twin sister, and the occasion was to celebrate their 33rd birthday, which fell on Monday. Also at the Dean residence for the weekend was Fraser's mother, Mrs. Madeline Bommarito of Detroit.

License Plates On Sale Nov. 16

For the early bird, the annual chore of purchasing automobile license plates is only a few days away — November 16, to be exact.

That, of course, is the first day the new white on dark red plates can be obtained. When March 31 comes around — the last day the 1970 plates are good — there will still be the usual "late-comers" in line for their licenses.

This year prepared applications plus proof of liability insurance (and the cash money, of course) are all that will be needed to obtain plates this year. However, persons who do not receive prepared applications must bring their titles or certificates of registration along in-stead.

Define School Lunch Program

In order that no child attend school without an adequate lunch, the Board of Education of the Crawford AuSable School District adopted the following policy with respect to determining the eligibility of children for free or reduced price lunches under the National School Lunch Program.

1. The official designated to determine those children eligible for free or reduced price meals under this policy is the School Social Worker. Appeals to this determination may, if needed, be addressed to the Principals of the Elementary Schools.

2. A notice or letter will be sent to parents on or about November 1, 1970, that will contain the following information:

a. The officials designated in #1 above;
b. A brief resume' of the policy statement, including income criteria;

c. Procedure for applying for free and reduced price lunches; and
d. A copy of the application form itself.

3. In making collections from children who pay for their meals, and in accounting for the number of free or reduced price meals served, the following procedure will be observed in order that no child in the school will be made aware, by such procedure, of the identity of the children receiving free or reduced price lunches.

All children will get their tickets at the same time and place and no distinction will be made between free or purchased tickets.

4. The names of the children determined to be eligible for free or reduced price meals will not be published, posted, or announced in any manner.

5. Children receiving free or reduced price meals will not be required as a condition of receiving such meals to:

a. Work for their meal.
b. Use a separate lunchroom, serving line or section of the lunchroom.

c. Enter the lunchroom through a different entrance than is used by children who are paying the full price for meals.

d. Eat lunch at a different time from paying students.

e. Use a different medium of exchange in the lunchroom than is used by paying children.

f. Receive a different meal than is provided for paying children.

6. Children from families whose income level is comparable to or has already qualified them for public assistance such as Aid to Dependent Children, shall be determined as eligible for the receipt of free or reduced price meals.

Bird Feeding Time Is Just Around The Corner

By Willard Bosserman

Bird lovers should begin now to prepare feeding stations and laying in seed stores.

Winter bird feeding usually begins in earnest after the first snow covers some of the natural food sources that are normally available.

Suet, meat scraps or peanut butter can be set out for insect-eaters such as woodpeckers and nuthatches. Sunflower seeds, millet seed, cracked corn or scratch feed will satisfy the seed-eating species such as cardinals, sparrows and winter finches. Blue-jays will eat either suet or grains.

Feeders should be placed on a pole 5-10 feet above the ground, with an inverted metallic cone to protect against cats and squirrels.

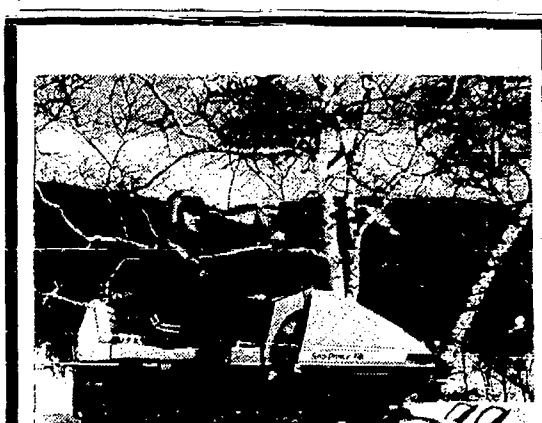

Stations should also be sheltered to protect them from wind.

Suet can be attached to a tree trunk, the side of a pole, or to plastic suet holders made specifically for that purpose.

While winter feeding can be a great aid to the survival of many bird species, do not discontinue feeding program before winter is over.

Such action can result in the starvation of those birds that have become dependent on the artificial feeding for their daily sustenance.
